CONDITIONS OF SALE

I. REJECTION OF BIDS: Any bid which is not commensurate with the value of the article offered, or which is merely a nominal or fractional advance, may be rejected by the auctioneer if in his judgment such bid would be likely to affect the sale injuriously.

II. THE BUYER: The highest bidder shall be the buyer, and if any dispute arises between two or more bidders, the auctioneer shall either decide the same or put up for re-sale the lot so in dispute.

III. IDENTIFICATION AND DEPOSIT BY BUYER: The name of the buyer of each lot shall be given immediately on the sale thereof, and when so required, each buyer shall sign a card giving the lot number, amount for which sold, and his or her name and address.

A deposit at the actual time of the sale shall be made of all or such part of the purchase prices as may be required.

If the two foregoing conditions are not complied with, the lot or lots so purchased may at the option of the auctioneer be put up again and re-sold.

IV. RISK AFTER PURCHASE: Title passes upon the fall of the auctioneer's hammer, and thereafter the property is at the purchaser's risk, and neither the consignor nor the Association is responsible for the loss of, or any damage to any article by theft, fire, breakage, however occasioned, or any other cause whatsoever.

V. DELIVERY OF PURCHASES: Delivery of any purchases will be made only upon payment of the total amount due for all purchases at the sale.

VI. RECEIPTED BILLS: Goods will only be delivered on presentation of a receipted bill. A receipted bill presented by any person will be recognized and honored as an order by the buyer, directing the delivery to the bearer of the goods described thereon. If a receipted bill is lost before delivery of the property has been taken, the buyer should immediately notify the Association of such loss.

VII. STORAGE IN DEFAULT OF PROMPT PAYMENT AND CALLING FOR GOODS: Articles not paid for in full and not called for by the purchaser or agent by noon of the day following that of the sale may be turned over by the Association to some carter to be carried to and stored in some warehouse until the time of the delivery therefrom to the purchaser, and the cost of such cartage and storage and any other charges will be charged against the purchaser and the risk of loss or damage occasioned by such removal or storage will be upon the purchaser.

In any instance where the purchase bill has not been paid in full by noon of the day following that of the sale, the Association and the auctioneer reserve the right, any other stipulation in these conditions of sale notwithstanding, in respect to any or all lots included in the purchase bill, at its or his option, either to cancel the sale thereof or to re-sell the same at public or private sale without further notice for the account of the buyer and to hold the buyer responsible for any deficiency and all losses and expenses sustained in so doing.

VIII. SHIPPING: Shipping, boxing or wrapping of purchases is a business in which the Association is in no wise engaged, but the Association will,

however, afford to purchasers every facility for employing at current and reasonable rates carriers and packers; doing so, however, without any assumption of responsibility on its part for the acts and charges of the parties engaged for such service.

IX. GUARANTY: The Association exercises great care to catalogue every lot correctly and endeavors therein and also at the actual time of sale to point out any error, defect or imperfection, but guaranty is not made either by the owner or the Association of the correctness of the description, genuineness, authenticity or condition of any lot and no sale will be set aside on account of any incorrectness, error of cataloguing or imperfection not noted or pointed out. Every lot is sold "as is" and without recourse.

Every lot is on public exhibition one or more days prior to its sale, and the Association will give consideration to the opinion of any trustworthy expert to the effect that any lot has been incorrectly catalogued and in its judgment may thereafter sell the lot as catalogued or make mention of the opinion of such expert, who thereby will become responsible for such damage as might result were his opinion without foundation.

X. RECORDS: The records of the auctioneer and the Association are in all cases to be considered final and the highest bid shall in all cases be accepted by both buyer and seller as the value against which all claims for losses or damage shall lie.

XI. BUYING ON ORDER: Buying or bidding by the Association for responsible parties on orders transmitted to it by mail, telegraph, or telephone, if conditions permit, will be faithfully attended to without charge or commission. Any purchases so made will be subject to the foregoing conditions of sale, except that, in the event of a purchase of a lot of one or more books by or for a purchaser who has not through himself or his agent been present at the exhibition or sale, the Association will permit such lot to be returned within ten days from the date of sale, and the purchase money will be refunded, if the lot differs from its catalogue description.

Orders for execution by the Association should be given with such clearness as to leave no room for misunderstanding. Not only should the lot number be given, but also the title, and bids should be stated to be so much for the lot, and when the lot consists of one or more volumes of books or objects of art, the bid per volume or piece should also be stated. If the one transmitting the order is unknown to the Association, a deposit must be sent or reference submitted. Shipping directions should also be given.

PRICED CATALOGUES: Priced copies of the catalogue, or any session thereof, will be furnished by the Association at charges commensurate with the duties involved in copying the necessary information from the records of the Association.

These conditions of sale cannot be altered except by the auctioneer or by an officer of the Association.

CATALOGUE

A TRIBUTE TO THE LATE GEORGE KELLOGG

GEORGE KELLOGG of Amsterdam, New York, became known as a collector of Blue Historical China at the Burritt Sale which was held at the American Art Galleries, March 25th and 26th, 1903.

A. Melrose Burritt of Waterbury, Connecticut, was a collector of the right sort. His theory was to get "the finest obtainable" but never to let a rare piece "get by" him if he could afford to purchase it, even though its condition were slightly imperfect.

The imperfect piece can always be replaced by a more perfect one if such a piece turns up. This is the attitude of every intelligent collector.

At the Burritt Sale George Kellogg was the most conspicuous buyer. He paid record prices for such pieces as "St. Paul's Church, New York" plate; "New York from Brooklyn Heights" platter; "Pennsylvania Arms" platter; "Dr. Syntax's Noble Hunting Party" platter; "Pat in the Pond" platter; "The Harvest Home" platter. He bought every piece he needed out of this collection regardless of prices.

At subsequent auction sales of blue china during the past twenty years George Kellogg has always been represented. These sales have been comparatively few. There is only a limited number of good collections of Blue Historical China in the world.

In recent years the Morse and Soper Collections have both found a permanent home in Museums.

I can say without fear of contradiction that Mr. Kellogg's Collection of Blue Staffordshire Historical China is the finest collection that has ever been offered for sale at public auction. It was my privilege to be a personal friend of George Kellogg's for many years. I watched his collection grow from a small beginning to what is probably today the finest collection in existence.

Mr. Kellogg's theory in collecting was similar to that of Mr. Burritt. He knew that a perfect collection was impossible to obtain,—that all the wealth in the world could not buy a complete collection in proof condition. Therefore he sought for "the best obtainable" and never turned down a rare piece because it failed to have the appearance of being fresh from the kiln. He appreciated the value of fine color in blue china and on one occasion bid up the price on a "New York from Weehawk" platter to \$1200, because of its clear impression and its beautiful shade of blue.

Mr. Kellogg was a successful business man and was not handicapped by lack of means to gratify his one hobby, which was the collection of blue china. He was fond of motoring and scoured the country far and near in quest of pieces which he needed to make his collection more complete.

It was a pleasure and privilege to know him. He will long be remembered for his sterling qualities and his fine personal character. There never has lived a more enthusiastic lover of the "Old Blue."
